SOUTH ALGONQUIN MEDICAL CENTRE BOARD
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2007

The South Algonquin Medical Centre Board is a board of the Township of South Algonquin organized to direct the rental of a Medical Centre.

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared by management in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

Fund accounting

The financial statements consist of current, capital and reserve funds. Interfund transfers are reflected in the appropriate municipal fund balance.

The schedule of current fund operations reflects the Medical Centre's program delivery and administrative activities and interfund transfers. The current fund is to be used to offset taxation or user charges in 2008.

The schedule of capital fund operations reflects the current year's capital expenditures, related revenues and interfund transfers.

The schedule of reserves and reserve fund reflects transactions of the reserve fund.

Capital assets

Capital assets are recorded as an expenditure in the year of acquisition on the statement of financial activities.

Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

NOTE 2 NEW ACCOUNTING STANDARDS

The Board owns various tangible capital assets. Effective January 1, 2009, the Board will be required to record tangible capital assets in accordance with Section 3150 of the Public Sector Accounting Handbook of the Canadian Institute of Chartered Accountants. Accounting Guideline 7 of the Handbook provides transitional guidance on presenting information related to tangible capital assets until Section 3150 comes into effect. With regards to this guideline, the Board has begun compiling a listing of all tangible capital assets.

NOTE 3 RESERVE

The reserve has been set aside for capital purposes.

NOTE 4 FINANCIAL INSTRUMENTS

It is management's opinion that the Medical Centre is not exposed to significant interest, currency or credit risks.
